BLUE GUARDIAN

The GUARDIAN is obsessed with time and passwords (correct answers). He/she constantly warns the Hero, the Advisor and the Story teller about the limited time left to exit all the 3 Levels of the labyrinth.

The GUARDIAN holds the Treasure chest with the correct answers and the puzzles available for certain tasks. The Guardian confirms when the Hero gives correct answers. The Guardian rewards the Hero with 1 LEU for each task that the Hero solves all by himself/herself (namely, without any resources from the Advisor, puzzles or map). The Guardian evaluates how each task is solved/performed and, based on the result, allows the Hero and his/her team to move forward in the labyrinth. The Guardian listens to the story of the Storyteller and after that allows the team to exit the respective Level.

The Blue Guardian joins the Red team.
